

Dear Steve,

I'm "putting in writing" my praise for your company's service, quality product and excellent delivery and service on my recent order. Thank you!!

As a sole operator of a bed and breakfast, I needed to find a provider of top notch product and, most importantly, an installation that was as painless and rapid as possible so that my guests could enjoy the upgrade in room TVs without a disruption to their stay.

I had hesitated to call Stereo Planet because I had feared I couldn't afford your level of expertise and quality. I was wrong and glad I called. Your price was fair and I definitely received the best value for the best product.

Your service men have completed the installation with the utmost attention to detail and with patience in training me to use the widgets and gadgets.

In my opinion, Stereo Planet deserves to be number one in this market of Bend audio-visual consumers. All the best to you and Stereo Planet.
